IJBMR - Instructions for authors

1. Aim and scope

International Journal of Biological and Medical Research (IJBM) publishes papers describing original research in all areas of contemporary biological and medical fields.

Submitted original research papers should represent a novel and important contribution to the understanding of any area of biological and medical research and provide mechanistic insights into the process.

All submitted articles should report original, previously unpublished research results, experimental or theoretical, and will be peer-reviewed. Articles submitted to the journal should meet these criteria and must not be under consideration for publication. Manuscripts should follow the style of the journal and are subject to both review and editing.

International Journal of biological and medical research is an international peer-reviewed multi disciplinary online journal published in quarterly in the months of January, April, July and October. The journal accepts Original Articles, Short Report, Case Report and Review Articles.

Submission of your paper to this journal implies that the paper
is not under submission for publication elsewhere. Material, which
has been previously copyrighted, published, or accepted for
publication, will not be considered for publication in this journal.
Submission of a manuscript is interpreted as a statement of
certification that no part of the manuscript is copyrighted by any
other publisher nor is under review by any other formal
publication. By submitting your manuscript to us, you agree on
BioMedSciDirect Publications copyright guidelines. It is your
responsibility to ensure that your manuscript does not cause any
copyright infringements, defamation, and other problems.
Submitted papers are assumed to contain no proprietary material
unprotected by patent or patent application; responsibility for
technical content and for protection of proprietary material rests
solely with the author(s) and their organizations and is not the
responsible of the BioMedSciDirect Publications or its Editorial Staff. The main author is responsible for ensuring that the article has been seen and approved by all the other authors. It is the responsibility of the author to obtain all necessary copyright release permissions for the use of any copyrighted materials in the manuscript prior to the submission.

6. Page Charges and Re-print

The journals published by BioMedSciDirect Publications are Open Access journals, which mean that the publication cost should be covered by the author’s institution or research funds.

**Normal peer-review Process:** There is no submission fee. The author’s institution or research funds should cover processing and publication fee. Our routine turn around time for submission to decision is around 7 weeks and another 2-3 weeks for publication.

**Fast-track submission & Process:** For new findings of sufficient importance to justify accelerated review and publication, a fast-track submission process for original articles is available. In the submission letter, authors should explicitly request this option. If the editors agree that the manuscript is worthy of fast-track publication, a fee will be charged to the author’s / institution or research funds. If accepted for fast-track submission, an article will be reviewed within 10 Days (otherwise, authors will be informed that the paper will be handled within the normal peer-review process). If accepted, a fast-track submission will appear with in 20-25 days published your article through online of the journal. Please Mention The "Fast Track Publication” In Your Manuscript & Covering Letter.
